

OBSTACLE DATA SHEET 'Weave'

Aim of the obstacle

Demonstrate the flexibility and obedience of your horse by **walking** around the path of the obstacle. The dimensions of the obstacle & number of poles may be altered between levels, with minimum dimensions below.

10 marks available

Effectiveness

No faults = 7, one fault = 4, two faults = 1, three faults = 0 for the obstacle

Faults include:

Circling, stepping back or crossing tracks at any point before the obstacle

Refusal/run out

Change of gait or break of pace (resuming walk will not be penalised further)

Touching a post

Stepping over the outer edge of the obstacle or missing a post results in a zero score.

Completing more than 50% of the obstacle in a gait other than walk also results in zero.

Style – points to note

Horse & rider maintain balance through the turns

Subtle aids & good position of rider

Maintain fluid movement & rhythmic steps through the obstacle

Led – leading on a loose rein

Led – horse's muzzle not overtaking person's shoulder
